

DIY Connector

DIY连接件

Application Scenarios: Toy car, Small appliances

No	Picture	Model	Product Description	Applicable cable
1		MT/DIY	Output the voltage and power directly from battery,for Makita 14.4-18v battery	AWG14# Silicone wire,10A I/O SWITCH,30A FUSE(Optional)
2		DM/DIY+FUSE	Output the voltage and power directly from battery,for Dewalt /Milwakee 14.4-20v battery	AWG14# Silicone wire,10A I/O SWITCH, 30A FUSE(Optional)
3		MT/DIY+FUSE	Output the voltage and power directly from battery,for Bosch 14.4-18v battery	AWG14# Silicone wire,10A I/O SWITCH,30A FUSE(Optional)
4		MT/DIY+FUSE	Output the voltage and power directly from battery,for Black&Decker 14.4-18v battery	AWG14# Silicone wire,10A I/O SWITCH,30A FUSE(Optional)
5		M12/DIY+FUSE	Output the voltage and power directly from battery,for 12V Milwaukee battery	AWG14# Silicone wire, 30A FUSE(Optional)
6		RL/DIY+FUSE	Output the voltage and power directly from battery,for 18V Rybio battery	AWG14# Silicone wire,10A I/O SWITCH,30A FUSE
7		MAN/DIY+FUSE	Output the voltage and power directly from battery,for 18V Craftsman battery	AWG14# Silicone wire,10A I/O SWITCH,30A FUSE(Optional)
8		AR/DIY+FUSE	Output the voltage and power directly from battery,for 18V AEG/Ridgid battery	AWG14# Silicone wire,30A FUSE(Optional)
